

FH Salzburg

Covid-19: Hygiene guidelines and Rules of conduct for Urstein Campus and Kuchl Campus¹⁾

3-G rule (vaccinated, recovered, tested)

The 3-G rule applies as an access requirement for entering the FH buildings.

Mouth-nose protection / masks

Masks are compulsory on the FH campuses in communal and circulation areas. It is compulsory - for your own safety - to wear an FFP2 mask if the distance is less than 1 m.

Access controls

From the start of the semester, there will be access controls at the entrances to the Urstein and Kuchl campuses.

Regular hand washing. All persons should wash/disinfect their hands immediately after entering the FH buildings and repeat this regularly throughout the day.

Ventilate regularly. Ideally ventilate every 30 minutes (cross-ventilation if possible). Individual parts of the building or rooms are equipped with a ventilation system for permanent supply and exhaust air (Urstein lecture halls, Kuchl extension).

Keep your distance. Whenever possible, keep a distance of at least 1 metre between yourself and other people.

¹⁾ The Salzburger Landeskliniken and the Kardinal-Schwarzenberg-Klinikum in Schwarzach have their own security concepts and Corona rules that apply.

Call 1450 if you have symptoms. If you have any symptoms or fear you have Covid-19, please stay at home and contact the telephone health advice line at 1450.

If you show signs of illness, be sure to stay home! Do not come to the university if you feel ill.

Covid-19 Reporting Office. Please report positive cases or segregation/quarantine notices to the FHS reporting office: covid-meldestelle@fh-salzburg.ac.at.

Info and details can be found on **myFHS**.

Thank you for your support.
