FH Salzburg

Salzburg University of Applied Science

The Salzburg University of Applied Sciences/ FH Salzburg with its **3400** well selected students is a centre of innovation and expertise in the knowledge domains of its degree programmes.

Since its foundation in **1995**, it acts as a hub for the know-how transfer between research and the industry. Its degree programmes offer university level education tailored to the needs of current and future demands of the labour market combined with a sound theoretical underpinning. This is guaranteed by its qualified and highly committed staff from higher educational institutions as well as the industry.

We collaborate with partner institutions in Europe, the Americas, Asia and Australia in international projects as well as faculty and student exchange.
