Technical requirements for laptops

For the degree programmes **Applied Image and Signal Processing, Business Informatics**, **Information Technology & Systems Management** (Bachelor and Master), **Business Informatics und Digital Transformation**, students are expected to bring their own laptop to the practical classes to be able to work on hands-on assignments. The laptop should meet the following technical specifications:

- ☐ Processor
  >= Dual Core
  AMD >= Ryzen 5 Zen 2
  Intel >= i5 Gen 10

- ☐ Graphics card
  Radeon Graphics
  Intel UHD

- ☐ Working memory
  RAM >= 8GB (APU >=16GB)

- ☐ hard drive
  SSD >=256GB

- ☐ security chip on the mainboard
  TPM 2.0

- ☐ Operating system
  Windows 10/11

Do you still have questions? Then we will be happy to help you:
