and Digitalisation

Technical requirements for laptops

For degree programmes of the **Information Technologies and Digitalisation Departments**, students are expected to bring their own laptop to the practical classes to be able to work on hands-on assignments. The laptop should meet the following technical specifications:

- □ Processor (CPU)
  >= Quad Core
  AMD >= Ryzen 5 7520
  Intel >= i5 Gen 12

- □ Graphics card (integrated in processor (APU))
  Radeon Graphics Intel UHD
  or dedicated graphics such as Nvidia / Radeon, make sure
  you have sufficient battery life!

- □ Working memory
  RAM >= 16GB
  APU > 16 GB

- □ hard drive
  SSD >=512GB

- □ Security chip on mainboard
  TPM 2.0

- □ Operating system
  Windows 10/11

1. Battery runtime:
   at least >= 6 h

Do you still have questions? Then we will be happy to help you:
